

3000 Books Distributed in Haiti '25

Annual Report 2025

OUR MISSION

Partners in Literacy Haiti enhances reading through Kreyòl books, technology, and training focused on children (birth to 8-year-olds), families, and teachers in community libraries, schools, and centers.

HIGHLIGHT ACHIEVEMENTS 2025

Fatima-Iram Din new Executive Director of PILH

In May of 2025 Fatima-Iram Din joined Partners in Literacy Haiti as our new Executive Director. Ms. Din brings a deep commitment to PILH through empowering underserved communities through education and resource access. Ms. Din is a welcomed addition to that line of dedication. She has been committed from the start to increase children's Haitian literacy. Along with our new ED in 2025, both Dr. Yvan Demosthenes and Rev. Mr. Lee Ashton DMG both became new members of the PILH board of directors.

Over 3000 Books were Distributed in Haiti

3,000 plus children's books, published by Partners in Literacy Haiti, were distributed to many locations in Haiti in 2025. Due to unrest in Haiti for several years, PILH has had limited, to no access of working in the country. With the outstanding help of Michaëlle Auguste Saint-Natus and Tom Anderson of The Library Club of Haiti we were able to distribute these wonderfully written and illustrated books to various locations. The books were warehouse for several years until released to Mr. Anderson's team. They are now in the hands of many excited Haitian children and libraries... as they well should be. Huge thanks to all those individuals that helped facilitate this 2025 book rescue.

Duplan Grants Continue in 2025

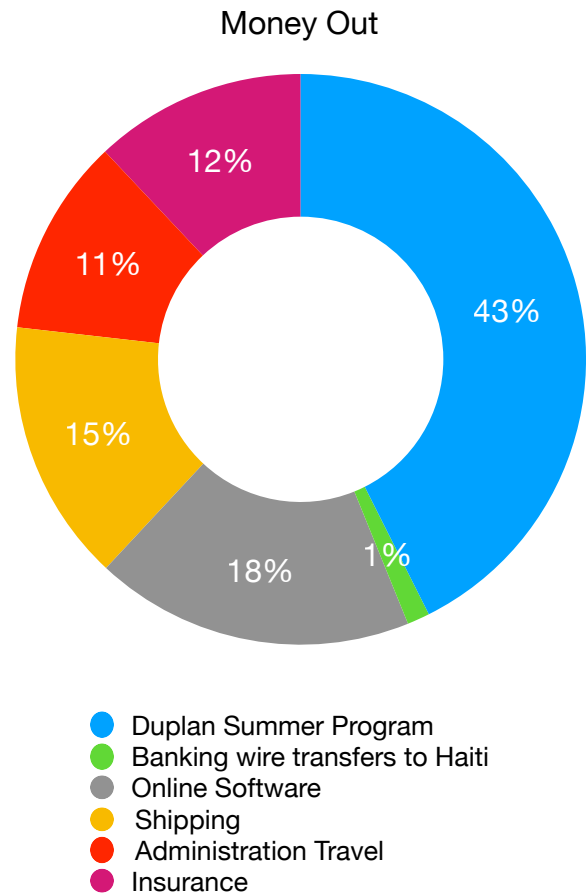

PILH has continued its financial support for the Duplan Village Library Summer Program in rural Haiti. In July of 2025 we wired \$2,000.00 USD for this community and library project. These funds were used successfully for the children's program. The Village administrator asked us for additional funding in August to help with library staff and children food expenses owed. We sent an additional amount of \$1,000 USD to help support their cause.

BY THE NUMBERS

Continued unrest in Haiti has made it difficult to conduct our work, but PILH has persevered on several fronts. Expenses exceeded our contributions once again in 2025. More funding is desperately needed for next year to continue our work in Haiti.

Partners in Literacy Haiti’s Financial Information for 2025

Money In	
Personal Donations	\$2,486
Books & Charts Sold	\$200
Foundation Donations	\$25

Income minus expenses	-\$4,986

PILH: ALL VOLUNTEER LEADERSHIP TEAM

From our nonprofit conception, Partners in Literacy Haiti has been an all volunteer, unpaid team. This includes our board members, advisory teams, and committee staff members. We are proud of our teams’ continued commitment of education of Haitian children. In 2025 PILH leadership graciously donated over 600 hours to this educational organization.
